

Collaborative Team Leadership

8 Hour Course

TALENTREALITY101.COM

WHO:

- Managers & Staff

DESCRIPTION:

The creation of high functioning teams to accomplish tasks and influence desired change is a key organizational strategy.

The team leader role is an integral factor in ensuring optimal team development and maintenance.

This program is a 5-stage structure that supports the team leader's ability to guide successful teams.

This is an active learning course with interactive exercises and applied experiences.

OBJECTIVE:

Participants will be able to:

- Identify elements of an effective team
- Recognize the importance of shared leadership
- Describe the stages of team development
 - Identify the role of a leader in each stage
- Apply and practice skills associated with each stage
- Recognize the role of communication in high functioning teams

OUTCOME:

- Improved team leader ability
- Increased understanding of how to lead highly effective teams
- Heightened ability to communicate between teams
- Improved organizational performance
